

The Pride of Natchez Band: Our Story

The Pride of Natchez Band was founded in 1927, with the mission of uniting the Natchez community through the universal language of music. We are a diverse ensemble dedicated to showcasing a wide range of musical styles, including marching band, jazz, classical, contemporary, and performing at community events, parades, and festivals throughout the year.

Our performances bring together musicians of all ages and backgrounds, creating an atmosphere of inclusivity, creativity, and shared passion. With each performance, we aim to inspire, entertain, and connect with our audience—whether it's through the excitement of a high-energy marching routine or the emotional depth of a symphonic piece.

We believe in the power of music to strengthen communities and build lasting bonds. As a nonprofit, we also strive to provide educational opportunities for young musicians, nurturing the next generation of artists and performers.

Our Mission:

“To bring the joy and power of music to the people of Natchez and beyond, fostering a sense of unity, pride, and cultural enrichment through live performance.”
